**Инструкция для учащихся**

Итоговая контрольная работа проводится в два этапа: на двух занятиях по 45 минут каждое. На первом занятии ты выполнишь письменную часть работы, на втором – устную. Тебе понадобится ручка, простой карандаш, ластик. Ответы на задания запиши в поля ответов в тексте работы. Если ты хочешь изменить ответ, то зачеркни его и запиши рядом новый. При выполнении работы не разрешается пользоваться учебником, рабочими тетрадями и другим справочным материалом. При необходимости можно пользоваться черновиком. Записи в черновике проверяться и оцениваться не будут. Советуем выполнять задания в том порядке, в котором они даны. Для экономии времени пропускай задание, которое не удаётся выполнить сразу, и переходи к следующему. Если после выполнения всей работы у тебя останется время, то ты сможешь вернуться к пропущенным заданиям. Постарайся выполнить как можно больше заданий.

In her mind, Bethany repeated: "Get to the beach. Get to the beach." She started to paddle towards it with one arm. Her friends didn't know about the shark attack – they thought at first that she was joking. Then they saw the blood and quickly came to help. It took 15 minutes to reach the shore. They called the emergency services and Bethany eventually got to hospital.

Bethany's parents are both keen surfers. As a baby, Bethany liked to splash in the shallow water. She started surfing at the age of five. By thirteen, she was one of the best teenage surfers in the world, and was planning to become a professional surfer. Then the shark attack happened.

The really incredible thing about Bethany is that only ten weeks later she was surfing again in a competition in Hawaii. Before the accident, a lot of professional surfers thought that Bethany was going to be the women's world champion one day. After the accident, they haven't changed their minds.

6. Immediately after the attack, she wanted to stay in the water. \_\_\_\_\_

8. Ten weeks later, Bethany won a surfing competition. \_\_\_\_\_

Early explorers used only the stars to find their way. Explorers wanted to share what they found, so they wrote about their journeys and made maps. On the maps they drew mountains, rivers, and other things that they had seen, to make it easier for other travelers to follow the same route. About 2,200 years ago, Chinese people invented the compass. A compass always points north, so it tells you which direction you are traveling in. GPS instruments that use satellites help modern explorers to find out where they are.

#### Аудирование

On the morning of 31 October 2003, Bethany Hamilton and some friends decided to go surfing. The sky was clear, the sun was shining and it was a perfect day for enjoying the big waves near the island of Kauai, Hawaii.

The 13-year-old surfing star was lying sideways on her surfboard about 300 metres from the shore with her left arm in the clear, blue water. Her friends were nearby, looking out to sea. They were all waiting for the next big wave.

Suddenly a five-metre tiger shark appeared just below the surface and attacked her. It bit her left arm and shook her violently backwards and forwards. Bethany saw the water around her turn red. She held on to her board and the shark swam away – but it took her arm with it. It also took a piece of her board. Luckily for Bethany, the shark attacked only once. It all happened so fast that she didn't even scream.

Dear Andrew,

Thank you for your letter. I'm glad to hear from you again. I'm glad that your opinion about museums has changed.

I don't think that visiting museums and exhibitions is boring, but you need to choose something you are interested in. For example, a retro-car museum would never be boring for a person who's interested in cars. However, if you are indifferent to cars but love flowers, it would be better to go to a flower

exhibition. The last museum I visited was a historical museum. Our teacher took us there last Wednesday. It was interesting, but the museum was very small. I would really like to visit the State Historical Museum in Moscow — it has a very rich collection of artefacts. I hope I'll see it one day.

Write soon.

Best wishes,

Kira
